

Modular Tabletop Barriers

Portable classroom barriers provide students and teachers an added layer of protection from respiratory droplets and virus exposure. Our barriers help provide physical separation in smaller areas to help maintain social distance and offer a durable, flexible design and clear view that won't impede vision and learning.

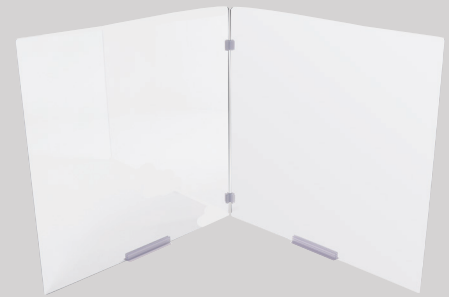

- Ideal for use on rectangular, circular and kidney shaped tables in a variety of sizes
- Additional panels can be added to adjust to tables of different length
- Made from clear, lightweight, impact-resistant polycarbonate
- Freestanding design requires no tools for setup
- Includes two 4-way connectors and one adhesive t-bracket per panel

Modular Tabletop Barrier Configurations

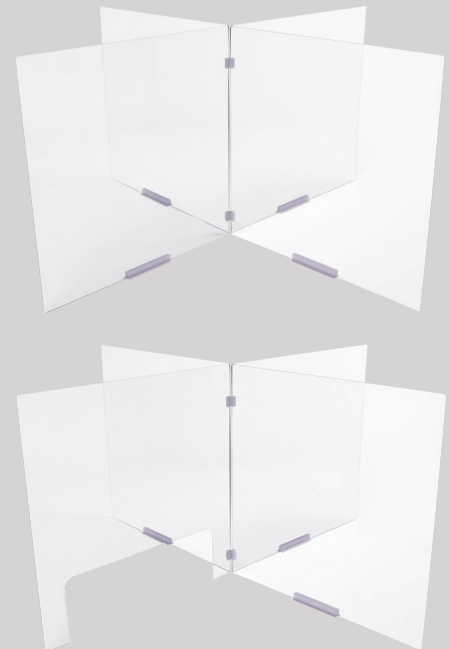

Add panels to create your own configuration

2 PANEL CONFIGURATION

4 PANEL CONFIGURATIONS
