

# Waterproof Security Boxes

Deflecto's security boxes provide convenient, waterproof storage of licenses, permits, maintenance records, registration papers, and more. Constructed from die-cast aluminum (Model DEF300), or durable plastic (Model DEF350), both can be safely mounted outside of the vehicle making its contents easily accessible. These security boxes feature a gasket in the lid to seal out moisture, keeping contents safe in all weather conditions. The handy clipboard attached to the lid keeps papers secure when the box is opened.

**DEF300**

Outside dimensions:  
5.75" x 7" x 2"

Clipboard dimensions:  
3.5" x 5.25"

Weight:  
1 lb.

**DEF350**

Outside dimensions:  
5.25" x 7" x 2"

Clipboard dimensions:
